26th June 2026

Dear Parents and Carers,

Termly Contribution - £25 per term

Summer Term - 2025-2026

You will shortly be receiving payment requests via Parent Pay for Summer term contributions of £25 per term. This contribution is purely voluntary and we really appreciate, in the current climate, all contributions made.

Burford School is one of the most underfunded primary schools in the country. We receive approximately £4,145 per child per year from Bucks. According to the most recently published data, Bucks median per child is £4,764 and this compares nationally to an average figure of approximately £5,081 per child per year, therefore, all of your support is greatly appreciated.

As a school, we have two methods that parents can use to donate funds. The first one is the termly contribution of £25 and this is used to support the purchase of resources in school which we need to deliver the curriculum. The second one is the Gift of Opportunity, which enables us to enhance the learning environment and opportunities at the school. As a gift which is not allocated for a specific project, we are able to claim gift aid on this donation, which you will receive a separate communication for.

All funds that we receive are used to support the education that your child receives during their time at Burford School.

Many thanks in advance,

Yours sincerely,

Mrs Marshall

Headteacher
